“We are a high-achieving, student-focused community of learners exhibiting passion, commitment and unity. Our goal is to make a difference for our students and the community.”

Anclote High School Family Involvement Plan: We believe in the importance of a partnership between home and school for the education of our students. We will maintain open communication with newsletters, planners, phone calls, and parent/teacher conferences. We will attempt to communicate in a language parents can understand and make them aware of services offered. Parents and other family members are encouraged to participate through family events and volunteering. By working together, we will make a difference in the lives of our students. This compact is an agreement designed to promote a partnership between the home and the school, which meets the requirements of the Title 1 Federal Guide.

As a family we will:
